## INTERLOCK<sup>™</sup> RACK + BAG SYSTEM

**INTERLOCK<sup>™</sup>**  
COMPATIBLE

**LIFETIME  
WARRANTY**

## ONE KEY, TO PROTECT THEM ALL

That's the idea behind our exclusive Interlock system, enabling a single keyed lock to secure any of Blackburn's new Interlock panniers and rack-top bags so they can't be removed.

It's that extra bit of security needed for the 5-minute dash into the Kwik-E-Mart for that quart of milk, so you don't need to drag your bags inside with you. And it pretty much guarantees your bags don't get ejected over rough trails and unkempt roads.

## FITS MOST COMPETITORS RACKS + BAGS

Interlock is a patent pending Blackburn exclusive technology, but Interlock racks and bags are compatible with most competitors products.

### HOW IT WORKS

Interlock bag hooks engage with top deck to secure bags to rack
